Dear New Aspen Flying Club Member,

I want to welcome you to Aspen and to offer my support for your training program. In addition to our training materials, the aircraft and the instructors, it is important to me that you enjoy your learning experience. Flying an airplane is a demanding set of tasks, but the rewards make the effort more than worthwhile. You will go on to accumulate hours and perhaps additional ratings. You may go to be a captain at an airline. But no matter what your aspirations may be. I hope you enjoy flying for the rest of your life.

If there is ever a concern or problem, and you would like to discuss it, my door is always open. And if you just want to share a thought, please let me know.

Fly well.
